

Brain Vitality™

Give Your Brain & Body Unparalleled Support

Brain Vitality™ is now better than ever! New breakthroughs in science have led to the use of *Curcuma longa* (rhizome) extract in brain supplementation. This extract provides the same beneficial nutritional support of traditional root turmeric extract, but is 6-8 times more bioavailable. This means that the body is capable of absorbing much greater levels of *Curcuma longa* to drastically increase the nutritional support for the brain. This high concentration of absorbable curcuminoids has also lowered the recommended amount of capsules per day from 4 to 3.

Fenugreek Galactomannans Extract has also been added to the new formulation. Fenugreek contains the compound trigonellene which may support the stimulation and regeneration of brain cells. In addition to this, Fenugreek has also been shown to support a great number of biological processes in the body.

Give your brain and body the unparalleled support that can be gained through the addition of *Curcuma longa* and Fenugreek Galactomannans Extract. These supplements, combined with Citricholine Sodium, Magnesium Threonate, Bacopa Monnieri Extract, and the rest of the proprietary blend provide vital nutritional support for the brain.

*Brain Vitality is
Now Better
Than Ever*

Brain Vitality™

Extreme Anti-oxidant Supplement

90 Capsules

FEATURES & BENEFITS:

- Supports enhancement of cognitive thought.
- Supports stimulation of brain cells.
- Enhances nutritional brain support.
